About

IGNITRON is a 3-day technical bootcamp hosted by IEEE SB MCET aimed at enhancing both the hard and soft skills of budding engineers. The event includes practical hands-on training in PCB design and professional development sessions focusing on LinkedIn and Canva. Through a combination of interactive activities, guided instruction, and real-world challenges, this program aims to develop design thinking, digital branding, teamwork, and creativity.

IGNITRON

Ignite your skills , Inspire your journey!

A 3-Day IEEE Bootcamp on
PCB Design & Profile Building
